

Evaluation Maxim 8

When in doubt...Always refer back to Maxim 1!

The last Maxim refers to the first Maxim. When in doubt, always refer to Maxim 1! Even if you don't understand it or are not having any results, ***“Always do it God's way!”***

If you will learn these maxims and apply them as broken things are presented, to you, you will be able to properly evaluate the problems you are facing and will be able to use them for God's glory! Don't spend your time looking for or experiencing new things or you will end up like King Solomon and the Athenians of *Acts 17*. Or you will be stuck in the past and *“remember the good ole' days”*. See the Bible comment on them in *Ecclesiastes 7:10*

“Say not thou, What is the cause that the former days were better than these? for thou dost not enquire wisely concerning this.”

The best time to live is right now! That's because this is the time that God has given you! Don't be stuck in the past or try to live in the future. So start living right now! Start fixing things right now! Properly evaluate and go on and “fix” the broken things by applying Bible principles to success!
